

2020 Volunteer Roles

FESTIVAL AMBASSADOR

As a festival ambassador, you'll be stationed throughout K'jipuktuk/Halifax moving between nearby Nocturne projects while helping festival-goers navigate the city. You might be assigned to the waterfront during your shift or walking in between projects to ensure you are visible to the audience in case they need to ask questions. In this role, you'll be able to share the Nocturne experience with attendees by handing out the guides, giving directions, and answering simple questions like where to go and what to see.

This position is ideal for people who enjoy being independent, responsible, and engaging with the public. You should be comfortable with crowds and have good interpersonal skills. You don't need to know everything about the festival to rock this position but it's good to know downtown K'jipuktuk/Halifax geography.

Training: minimum one volunteer info session and read the festival guide in advance.

WELCOMING TEAM (Information booth)

At the Nocturne information booth, visitors will have questions and you'll be there to provide answers about our programming, event schedule, amenities, and the festival layout.

This position is ideal for people who have customer service experience and have volunteered with Nocturne in the past (although not required). You don't need to know everything about the festival to rock this position but it's good to know downtown Halifax geography.

Training: minimum one volunteer info session and read the festival guide in advance.

For questions, contact our Volunteer Director, Shya Bond, at volunteers@nocturnehalifax.ca
